## HD 440 care lotion

### HD 440 at a glance

- Moisturising lotion for stressed and sensitive skin.
- Protects, moisturises, and prevents inflammation.
- Keeps hands supple.
- Contains moisturising oils, witch hazel, and allantoin.
- Absorbs quickly.
- Has a subtle odour.

### Properties

HD 440 from Dürr System Hygiene is a special lotion that protects and moisturises stressed and sensitive skin. Select active substances, such as witch hazel extract and allantoin, soothe stressed skin. HD 440 absorbs quickly into the skin. It doesn't leave skin and hands feeling oily or sticky, making it unnecessary to interrupt patient treatment. HD 440 has a pleasant, subtle odour.

### Product composition

HD 440 is an oil-in-water (O/W) emulsion. It contains special oils with moisturising properties, witch hazel extract, and allantoin to soothe and prevent inflammation.

### Ingredients

Aqua, decyl oleate, paraffinum liquidum, petrolatum, laureth-4, witch hazel, stearyl heptanoate, stearyl caprylate, lanolin, dicocoyl pentaerythrityl distearyl citrate, sorbitan sesquioleate, microcrystalline wax, beeswax, aluminium stearates, caprylic/capric triglycerides, carbo-mer, fragrance, allantoin, benzyl alcohol, PPG-2 methyl ether, 2-bromo-2-nitropropane-1,3-diol, deceth-8, iodopropynyl butylcarbamate.

### Directions for use

HD 440 may be applied multiple times daily, as needed, by rubbing it into the hands after washing and drying them. The lotion is economical to use: one pea-sized drop is enough to moisturise the hands. The lotion is dispensed either directly out of the 500-mL bottle, using a threaded pump dispenser or using a universal product dispenser.

### Environmental impact

The packaging is made of polyethylene and can thus be recycled or incinerated. For recycling, flush bottles with water.

### Physical data

Appearance: milky, white, viscous lotion

Density:  $D_{4}^{20} = 0.989 \text{ g/cm}^3$

pH:  $5.5 \pm 0.5$

# Product information

## HD 440 care lotion

Viscosity: approx. 9,999 cP (falling sphere viscometer at +20°C)

Temperature stability: between 0°C and +30°C

### Shelf life

2.5 years

### Container size

500-mL bottle

### Storage

Store product at between 5°C and room temperature.

### Accessories

Universal product dispensers S 400, L 400 as well as Universal product dispensers Touchless T 400, pump dispenser
